

FEATURES & BENEFITS

- ❖ 20 gallon volume @5000 and 7500 psig
- ❖ ASME U-1A code stamp standard
- ❖ ABS & DNV certifications available
- ❖ Short, compact design
- ❖ Top repairable
- ❖ 316 SS or Inconel groove inlays available
- ❖ All fasteners have corrosion resistant coating
- ❖ Standard 4-1/16" API Type RTJ

- ❖ For **added safety**, lifting lugs provided on O.D. of coverplate
- ❖ Protected charging valve and pressure gauge
- ❖ High pre-charge capability delivers excellent dampening performance
- ❖ Nitrile (NBR), Hydrogenated Nitrile (HNBR)
- ❖ Diaphragm kits are fully interchangeable with standard industry products
