

The logo features a central shield shape formed by two green, jagged, arrow-like outlines pointing towards each other. The background is dark blue with a pattern of white lightning bolts. Two diagonal blue bands with white lightning bolts cross the shield. The text 'FRAC DEFENDER' is in large, bold, white, sans-serif font, and 'SERIES' is in a smaller, white, sans-serif font below it.

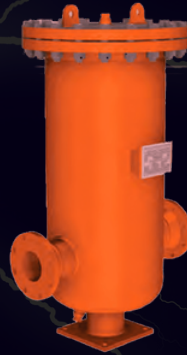

FRAC
DEFENDER
SERIES

Performance Pulsation Control

STATUS FLOW - ECT

- Maintenance Free
- No Piping Modifications
- Reduces Cavitation
- No Gas Charging
- 2-3 Year Life Cycle
- Stabilizes Suction Flow
- ECT Cartridge Retrofits to any Current Case

VTSC SUCTION STABILIZER

- Maintenance Free
- No Piping Modifications
- Reduces Cavitation
- No Gas Charging
- 2-3 Year Life Cycle
- Stabilizes Suction Flow

DISCHARGE OPTION - PD05-15K

- Top repairable
- 5 gallon volume @15000 psig
- ASME code stamped
- High pre-charge capability delivers excellent dampening performance
- Diaphragm kits are fully interchangeable with standard industry products

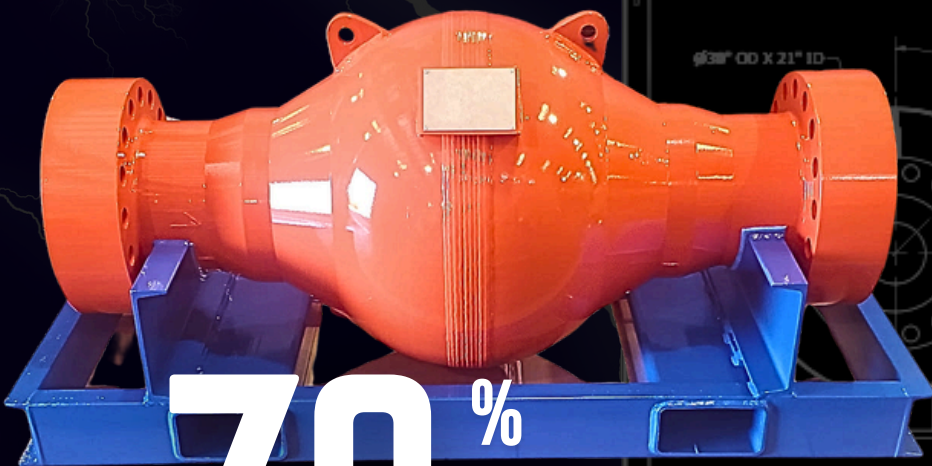

DISCHARGE OPTION - DR SERIES

- Maintenance-Free
- Gasless
- Reduces Acoustic Resonance
- Optimal Pulsation Control with high levels of performance over varying pressure ranges & pulsation frequencies

FRAC DEFENDER

MONOLINE VIBRATION MITIGATION

AR15K

- Flow Through Design
- 20 Gallon Volume
- Acoustic Filter
- Forged Welded Design
- No inlet or outlet restrictions

70%
